About This Collection

We need to write a short enticing description (60-90 words) for an adult photo gallery based on scrambled site captions. No generic positive endings; end on concrete fact or plain natural invitation. End with natural invitation to view full gallery via link above. No em or en dashes; split sentence or use comma. Must translate rest as needed. Must be one coherent paragraph, 60-90 words. No "not only X but Y", "At its core", or forced groups of exactly three items. No AI-flag words: delve, tapestry, vibrant, testament, landscape, showcase, crucial, pivotal,

additionally, moreover, furthermore, "it is important to note", "serves as", "boasts". Title: "我的世界珍妮". Plain text only, no markdown, no lists, no quotes. Must write in same language as title: Chinese (Simplified). Use "to" instead of "in order to"; use "because" instead of "due to the fact that". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". No emojis, no curly quotes, no markdown, no bold. Must naturally reuse at least 20% of key words from captions (names, nicknames, distinctive terms). Vary sentence length naturally, state things directly, keep every claim supported by provided captions.

We need to incorporate key words from captions: e.g., "火焰解说", "我的世界", "3989", "小宠物", "机器人", "模组", "游玩", "Minecraft 中国版", "JennyR", "珍妮的和风诱惑", "头条女神", "wordgirls", "写真集", "Punishing: Gray Raven", "浏览量", "支持 ← → 键翻阅图集", "小编.sucai", "更新时间.2013-06-21", "正妹天天看", "精神天天有", "每日更新", "正妹看不完", "快来加入社团吧", "我的仙界学院 第07集 1080P 在线观看 平台 腾讯视频", "嘉行的操作", "杨幂广告", "金主", "珍妮伊歌曲集锦", "Minecraft: Story Mode Gets First Gameplay Trailer", "The Last of Us", "我的世界主角去冒险", "韩梅梅", "神剑创造者", "捉住王狗剩", "Mio making an effort here". That's many.

We need at least 20% of key words reused. Let's count approximate number of distinct key words: maybe 30. 20% = at least 6 key words. We'll include maybe 8-10.

We must write 60-90 words in Chinese. Let's target around 80 words.

We need to end with invitation to view full gallery via link above. Something like "请点击上方链接查看完整图集". That's a concrete invitation.

We must avoid AI-flag words. Avoid "At its core". but". Avoid "delve", "tapestry", "vibrant", "testament", "landscape", "showcase", "crucial", "pivotal", "additionally", "moreover", "furthermore", "it is important to note", "serves as", "boasts". Also avoid "not only ... Avoid "due to the fact that" use "because". Avoid forced groups of exactly three items. Avoid "in order to" use "to". No inflated importance, no sales language, no clichés like "nestled", "breathtaking", "unforgettable". Ensure not using any of those. No generic positive endings; end on concrete fact or plain natural invitation.

We must not use em or en dashes; use commas or split sentences.

We must not use markdown, bold, quotes.

We must produce plain text only.

We must ensure we reuse at least 20% key words. Let's pick key words: "我的世界", "珍妮", "JennyR", "写真集", "火焰解说", "Minecraft", "正妹", "每日更新", "快来加入社团吧", "腾讯视频". That's 10 distinct words. Use at least 6. We'll embed them naturally.

Now write description ~80 words Chinese.

Count words: Chinese words count ambiguous; but they count words separated by spaces? But they'd ask 60-90 words; maybe they count words separated by spaces. Could be ambiguous. We'll produce about 80 Chinese characters? We'll aim for ~80 Chinese characters? " Title is Chinese. But they'd likely count Chinese words separated by spaces? In Chinese, words not separated. Safer to produce about 80 English words but in Chinese? Word count maybe counted by Chinese tokens? But we can approximate using English words count? Not sure. But we cannot include spaces between Chinese words? Might be considered words separated by spaces. We can separate with spaces to count words. But that looks unnatural. Usually they count tokens. But requirement: 60-90 words. Could produce Chinese with spaces between each word (like each token). So description must be Chinese. Safer to produce about 80 English words but Chinese characters? Could produce Chinese sentence with about 80 Chinese characters, but that might be considered less words.
