About This Collection

doctorine is a clinical-themed gallery where medical roleplay meets intimate exposure. The collection mixes hentai manga styling with rule 34 dev energy, featuring chop stick details and blue-tinted eyewear touches. Albert Marcoeur and Lisa Thatcher appear in scenes blending sunlight empire aesthetics with emerging doctrine themes, while JoJo influences surface in the ora ora rhythm of the action. The set follows a doctor and a patient through staged examinations, with Kana and Kureha among the figures caught in moments of resisting definition. A transgender nurse named Kasey Kei adds variety to the cast, all tied together by a doctorine narrative that stays playful and suggestive. View the full gallery via the link above.
