About This Collection

Step into Lara Rose's world where living on ecological credit finally feels like a gift. Don't just scroll—meet the humans behind the lens and credit your curiosity. From playful reindeer antics to cherry-red winks, Lara brings a decade of uninhibited charm. Since 2023, this nude model has been painting her own canvas—part Jane Fonda, part Vanity Fair fantasy. Every scene is a living painting, composed with Samir's eye for raw beauty. View the full gallery above.
